LANE AT THE OPERA HOUSE.

Spoke in the Interest of Judge Bell Again Last Night—Other Speakers.

About one hundred and fifty people were present at the opera house last night to hear Hon. Jonathan Lane's second speech in behalf of Hon. C. K. Bell. The crowd would doubtless have been larger but for the rain in the afternoon and the fact that many heard his speech at the fair grounds. Furthermore Mr. Lane's speech was only advertised for two days in the local daily papers and with handbills and consequently the people of the country were not generally apprised of it. Nevertheless Mr. Lane's reception was not lacking in enthusiasm. The Brenham brass band furnished splendid music previous to the meeting and some of the Bell supporters were on hand with cow bells which they employed with good effect in the applause.

Mr. G. S. Parker opened the meeting with a few appropriate remarks and in accordance with the program short talks in the interest of Judge Bell were made by Mr. A. W. Buchanan, Mayor J. E. Butler and Malcolm Carnes. Following these Mr. Lane was introduced by Mr. A. J. Buchanan, and for an hour and a half held the undivided attention of the audience.

Mr. Lane answered and refuted all the charges which have been heaped upon Judge Bell by a close analysis of his private life and official record, which is an open book to be read by the people of Texas. A point of special interest made by Mr. Lane, in proof of the fact that Mr. Bell is not and never has been the servant of the corporations. was his review of the incident while Judge Bell was in congress and was the means of saving to the government $111,000,000 loaned by the government to the Union Pacific railroad. The road desired to escape from the payment of the loan and made such representations of financial inability to the committee having the matter in hand that every member of the committee except Judge Bell, democrats and republicans, reported favorably to the railroad company except Judge Bell who brought in a minority report, fought out the battle on the floor of the house and was sustained in his just contention, saving this immense amount to the government and the people. Judge Lane urged that if Bell ever intended to sell out that was his time to get millions for it.

Mr. Lane paid his respects to Mr. Campbell's homestead tax suggestion, and handled Mr. Colquitt and his tax vagaries without gloves, and showed up that gentleman's unenviable campaigning methods and unfounded denunciations.

Judge Lane paid a splendid tribute to the democratic record for forty-four years in Texas and to the present administration, heads of departments and appointees, mentioning especially for their efficiency State Health Officer Tabor and Major Adams, penitentiary inspector. This point was brought out in discussing Mr. Colquitt's "clean sweep" proposition, showing that the governor has nothing to do with any but a few appointive officers and that no charges have been made against these or any of the heads of departments.

At the conclusion of Judge Lane's speech District Attorney Ralston was introduced and spoke briefly in the interest of his candidacy for re-election.

OUTRAGES NUMEROUS

In Many Sections the Torch Being Applied by Peasants.

VILLAGE IS CONSUMED

Three Hundred Dwellings Burned and Police Office and Bank Are Robbed. Also a Suspected Spy Executed.

St. Petersburg, July 18.—The daily budget of revolutionary outrages and Agragarian disorders was larger than usual Tuesday. In many places the peasants are applying the torch to estates belonging to the crown, and to private forests.

At Natchatkino, in Simbirsk province, the town hall was on fire, and the entire village, consisting of 300 houses, was consumed.

Throughout Poland systematic pillaging of the government spirits shops is in progress. The central police office at Warsaw was robbed and a gendarme killed.

At Lublin, Russian Poland, revolutionists executed a workman who was suspected of being a spy, and at Nizhni, Novgorod and Vasniky the cashiers of the spirits monopoly were robbed and killed.

The bank at Sonsnita was robbed, and at Tiflis an Armenian locomotive engineer was shot in his cab by an assassin concealed in a neighboring workshop.

MAID WROTE MADINE.

Sensational Testimony Given by Sister of Mrs. Hartje.

Pittsburg, July 18.—Not the least important development in the Hartje divorce case was the outline of the defense that was disclosed by the testimony of Miss Ida Scott, the sixteen-year-old sister of Mrs. Scott Hartje, who was put on the stand Tuesday a few minutes. She testified that she had written two or three envelopes addressed to Tom Madine, the coachman corespondent, at the request of Annie Lutz one of the maids, and that she also had given Annie sheets of her paper.

Thus the presence of the single envelope among all the love letters presented by counsel for the libellant will be explained. The charge of forgery made by counsel for the respondent will be reinforced by accounting for the presence in the disputed letters of the paper used by the Scott girl in the manner indicated by Ida's testimony that she gave it to the maid. Her sister, Helen, also gave sheets of her paper to the servants, she testified.

Mrs. Hartje's parents, Mr. and Mrs. John F. Scott, were witnesses. Mrs. Scott testified that it would have been impossible for her daughter to have done the things with which she has been accused by Augustus Hartje since their separation, because she watched the daughter too closely. She declares the forty famous love letters in the case are not in her daughter's handwriting.

The mother's testimony concerning the Susie Wagner letter, known as exhibit No. 6, was sensational. Mrs. Scott declared that she had seen the Susie Wagner letter before it was made, and there were statements in the letter that were not made in the exhibited letter, and that the letter produced in court contained statements that were not in the original or Wagner letter.

John F. Scott, Mrs. Hartje's father, declared that it was impossible for his daughter to have met Madine, or to have telephoned to him, as she was never out of the house alone, and all in the Scott home usually knew when the telepmones were used, and who had used them.

DEWEY ANCHORED.

Drydock Is Securely Located and May Be Safely Reached.

Washington, July 18.—The floating drydock Dewey, which went half around the world on its voyage to the Philippines, is now anchored off Rivera Point, Olongope station. At this place there are sixty-five feet of water, so that all vessels which may be sent into the dock may reach it in perfect safety. The Dewey is anchored with four huge mushroom anchors at each end, and as the tide rises only about one foot at Olongope there is little danger of the huge structure being moved.

SUITS FILED.

Circuit Attorney After Two Ice and Fuel Corporations.

St. Louis, July 18.—After an investiagtion of three weeks Circuit Attorney Sager has filed suits in the circuit court against the Polar Wave Ice and Fuel company and Merchants' Ice and Coal company on allegation that these companies are in a combination in restraint of trade by fixing and maitnaining the price of ice. The suits ask that judgment for $71,400 be assessed against each company as fines for the seventy-one days the alleged agreement has been in effect. It is further asked that their charters be revoked.

ITALIAN CELEBRATION YESTERDAY.

Crowd Estimated at Eight Hundred—Judge Lane Spoke for Bell—Barbecue and Shoot.

The big barbecue, shoot and public speaking, under the auspices of the Italian Agricultural Benevolent Society of Bryan, was held at the Bryan fair grounds yesterday and attended by fully eight hundred people, including Italian societies of Bryan, Houston, Waco and Dallas, most of the Italians of Brazos and some from adjoining counties, and many Americans. The officers of the local society are J. M. Saladiner, president; John Depuma, first vice-president; Lawrence Rozetto, second vice-president; Charles De Lucka, treasurer; Frank Græco, secretary.

A big parade was formed on north Main street headed by citizens of Bryan in carriages, the Second regiment band of Brenham and the representatives of the various Italian societies in regalia, carrying banners and United States and Italian flags. Following came the Italians with their families, seventy-eight vehicles being counted in the parade, which moved south on Main street, thence by the courthouse and out to the grounds.

A feature of the parade was the decorated float of King Cotton, on which was a bale of cotton surrounded by gay decorations and growing cotton stalks filled with green bolls. Sitting on the cotton bale was Master Lou Saladiner, son of Joe Saladiner, president of the Bryan society. The little lad was clothed in a robe made of lint cotton and crowned with foliage. The Bryan and Houston societies were also represented by queens.

The second story of the large exhibit hall was arranged and handsomely decorated for the speaking, a picture of Columbus forming the center piece, and under it the following legend: "I came; I suffered in Chains for this Land this Day so Famed." Owing to the heat the hall had to be abandoned for the speaking which was held at the grand stand.

Hon. Jonathan Lane of Houston was the orator of the occasion, being here in the interest of Hon. C. K. Bell, and was introduced to the audience by Mr. G. S. Parker. Mr. Parker also welcomed the visitors from other points and complimented the Italian people of the county on their industry and citizenship.

Mr. Lane spoke first of the Italian people and of Italy, also of this country which is sought by liberty loving people from all the world, and said they were welcome to come and Texas was big enough to provide all good citizens with homes without crowding anybody or getting in each others way. Mr. Lane defined democracy as the doctrine of letting a man do as he pleases so long as he does not interfere with the rights of others, and said Texas had been under beneficent democratic rule for forty-four years.

Mr. Lane then took up the part of his discourse relating to Judge Bell's candidacy for governor, paid a high tribute to that patriot and statesman and reviewed his career in public and private life. He defied any man to show where Judge Bell has been pnfaithful to any duty or obligation and declared any man who said Judge Bell was dishonest was born a liar and had never been cured of the disease. He outlined Judge Bell's platform principles briefly, said he was a man with brains and experience enough to know the right and with the purpose and courage of heart to do the right at all times and under all circumstances.

Joe Saladiner, president of the Agricultural and Benevolent Society was the next speaker and made a patriotic talk showing the purpose of the Italian-Americans to obey the laws and support the government of the United States in peace and war. He called attention to the union of the national colors in the decorations as emblematic of the sentiment of his people and concluded his remarks with some original verses.

Dr. Bardolotti next took the stand and addressed his countrymen in behalf of the local society. He spoke at some length and with animation and was frequently applauded.

Lieut. Gov. Geo. D. Neal of Navasota, who occupied a seat on the platform, responded to calls and after a few remarks bearing on the occasion, asked that the voters present give their support to Senator Davidson in his race for the lieutenant governorship.

The big barbecued dinner was then served to the crowd and the fine meats seemed to be thoroughly enjoyed by everybody.

The afternoon was occupied with more speech making in the Italian societies and with a shoot and other amusements.

The affair was gotten up under the general direction of Joe Saladiner, who was aided by a number of marshals and assistants and was carried out in a creditable way.

ABOUT THE TROLLEY LINE.

President Saunders' sub-committee was out again for a while yesterday morning soliciting stock subscriptions for the trolley line. Mr. Saunders said: "Only one man has refused us thus far. Quite a number have asked us to come back so that they could further consider the matter. We have secured a goodly number of subscriptions and my committee is going to keep at work until every man on our list is seen."

Chairman Doremus has made three sub-committes out of his original committee and besides Mr. Saunders, the other two chairmen are J. A. Myers and J. T. Maloney. These gentlemen will also doubtless be able to make a good showing when they report.

Mr. Kennedy's offer has a time limit and this will be up in one more week.

TWO NEGROES HANG.

On the Gallows One Declared the Other Was Innocent.

Natchez, Miss., July 18.—Lee Fletcher and Joe Robinson, both negroes, were hanged in the jail at Fayette, Jefferson county, for the murder of Lamb Anderson in January, 1904, over a game of craps. Anderson was shot one time, but both negroes were convicted. Robinson confessed on the gallows, his confession exonerating Fletcher.

After the shooting the two negroes made their escape. Robinson was caught at New Orleans and Fletcher at Franklin, La.

SUIT DISMISSED.

Virginia Two Cents a Mile Law Held Unconstitutional.

Richmond, July 18.—At Stanton Judge Henry W. Holt of the corporation court handed down an opinion in the case of Virginia vs. the Baltimore and Ohio railway, declaring the Churchman 2 cents a mile law to be in violation of the fourteenth amendment to the Federal constitution, and therefore unconstitutional and void. On this ground he dismissed the suit.

HIGGS & McCULLOCH

BUTTER KEPT ON ICE

A HOME ENDORSEMENT.

Corsicana, Texas, July 6, 1906.

To the Democratic Voters of the Sixth Congressional District:

We, the undersigned, constituting thirty-seven out of the forty-three members of the Democratic Executive Committee in and for Navarro County, knowing the merits of our fellow citizen, Hon. Richard Mays, take this method of commending him to your favorable consideration.

Mr. Mays seeks at your hands the democratic nomination for congress in this district. We know him well and unhesitatingly endorse him for the position he desires. He came among us as a boy some twenty years ago, and through energy and ability has fought his way and stands today in the front ranks of the prominent lawyers in Texas.

He has established a character for honesty and courage. Being a democrat he has fought the battles of the party and followed it in victory and in defeat. Whilst he has always expressed his views and advocated policies, he has never yet failed to yield to the will of the party expressed in convention or at the polls.

He has legislative ability and experience which well qualify him for the position he seeks. For four years he has represented Navarro County in the legislature, and every battle fought and every vote cast by him in that body was in the interest of the common people.

If he is elected we unhesitatingly say that every interest in the Sixth Congressional District will be safe in his hands.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of Indigestion inflames the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the glands to secrete mucin instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure

relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

SCHIERMER STABBED.

Will Probably Lose His Life From Broken Glass Wound.

SON THE ASSAILANT.

Angered at His Boy Staying So Late at His Sweetheart's Residence. Father Hies Him There and Gets Into a Row.

New York, July 18.—During a quarrel between Conrad Schiermer and his nineteen-year-old son, Conrad, at the home of his son's sweetheart, Miss Clara Lazarus, the son stabbed his father with a piece of broken glass, inflicting probably a mortal wound. The elder Schirmer declared Conrad must stop staying out so late at night while calling upon his sweetheart. The boy disobeyed and went to Miss Lazarus' home Tuesday night. He remained late and his father went there in search of him. When the father attempted to chastise his son in the presence of his fiance the boy resisted, and in the struggle which ensued the father broke through a glass pane of door. Miss Lazarus attempted to interfere in behalf of the boy and Conrad seized a piece of broken glass and plunged it into his father's side. The wounded man was removed to a hospital, but refused to make a charge against his son. Conrad was arrested.

PACAS NO STRANGER.

Figured In a Decidedly Unpleasant Episode Some Years Ago.

Washington, July 18.—Senor Jose Rosa Pacas, who President Escalaon appointed to come to the United States and present Salvador's side of the Central American dispute to this government previous to the serious battles between Guatemalan and Salvadorean troops is the Salvadorean minister of the interior. He attracted much attention in 1902 by denouncing Chief Justice Henry Strong and Don M. Dickinson, with whom he met in Washington to arbitrate the claim of the Salvadorean Commercial company against Salvador. It is now rumored Senator Pacas may be named by Salvador to represent it at the conference to be held on the Marblehead for the purpose of adjusting the disputes which involved Honduras, Salvador and Guatemala. This rumor caused much comment in diplomatic circles because of the notoriety Senor Pacas attained by his conduct after the announcement of unfavorable award in the Salvadorean Commercial company case.

In that case the American company sought to recover from Salvador $500,000 for damages it suffered as the result of seizure by the government of harbor improvements the corporation made at one of the Salvadorean ports. After a long dispute the case was submitted to arbitration at Washington, with Senor Pacas representing Salvador, Chief Justice Strong as a neutral member of the commission and Mr. Dickson as the American representative. The members of the commission met for weeks at the Arlington hotel in this city, and when the award was announced Mr. Pacas bitterly charged the two other members of the commission with treating him and his government with the "grossest unfairness." Sir Henry Strong personally resented the attack on his action and a scene followed, Senor Pacas storming about the hotel in a great rage. Salvador then protested against the decision of the arbitration, in violation of the cardinal principles of arbitration, and delayed payment of the award—$523,178—for a long time.

A compromise was agreed upon finally with Salvador, and this is said to have been settled for about $300,000.

Gourdain Makes an Unsuccessful Attempt at Washington.

Washington, July 18.—James A. Gourdain, the alleged Chicago and New Orleans lottery dealer who is seeking by means of a writ of mandamus to frustrate the offorts of his attorneys to keep him out of the penitentiary at Joliet, Ill., made an unsuccessful attempt to file his petition in the supreme court of the United States. He appeared at the office of the clerk of court soon after 10 o'clock Wednesday and was told by Deputy Clerk Maher that petition could be acted upon only by the court and in open session. He then announced to make application to an individual justice of the court, and said he would go to Canton, O., to see Justice Day if he could be assured that he would remain there until he could arrive. In the meantime he would continue his journey to New York with the hope of seeing some member of the court there.

BEIT'S WEALTH.

It Is Thought He Was Not Worth Fifty Million of Dollars.

London, July 18.—Those who are in a position to give an authoritative account regarding the amount of the fortune of the late Alfred Beit, the South African financier, and terms of his will have not yet given it to the newspapers. The pronouncements of the latter, therefore, are probably speculative. Estimates ranging from $125,000,000 to $625,000,000 have been published, but it will probably be found when the terms of the will are given out that Beit's fortune was somewhat below $50,000,000. About one-third of this amount, it is expected, was bequeathed to national purposes in Great Britain and South Africa, mainly of an educational character, as was the great part of the fortune of his most intimate friend, the late Cecil Rhodes.

NOTED LADY DEAD.

Formerly Miss Daisy Leiter of Chicago and Beautiful Woman.

London, July 18.—Lady Curzon of Kedlestone is dead. She was the wife of Lord Curzon, former viceroy of India. As Miss Daisy Leiter of Chicago she was noted for her beauty, which changed little after her marriage.

FAVORS HOME PAPERS.

Folk Says Merchants Should Do Their Advertising In the Latter.

Jefferson City, Mo., July 18.—Governor Folk, in addressing the Missouri Retail Merchants' convention here, spoke against the mail order business and favored advertising in town papers. He said in part: "We are proud of our splendid cities, and we want them to increase in wealth and population, and we also want our country towns to grow. We wish the city merchants to build up, but we also desire country merchants to prosper. I do not believe in the mail order citizen. If a place is good enough for a man to live in and make his money, it is good enough for him to spend his money in.

"No merchant can succeed without advertising in one way or another. Patronize your town papers. Build them up, and they build the town up and build you up in increased trade and greater opportunities. Do not be afraid business is going to be hurt by recent exposures of wrongdoing in the commercial world. No man, who is doing an honest business, can be injured by the light. All business will be better for the cleansing process it is going through and for stamping out of evils."

THAW'S MOTHER EXCITED.

Secures Permission to See Son on Matter of Importance.

New York, July 18.—Shortly after noon Wednesday Mrs. William Thaw appeared at the tombs. She seemed to be laboring under much excitement. In an agitated voice she begged the warden for permission to visit her son, repeatedly declaring that it was a matter of the utmost importance. The warden consented, and she was escorted to his cell.

Justice McLean adjourned until Thursday the hearing of a writ of injunction obtained by counsel for Thaw to prevent District Attorney Jerome and the grand jury from examining further witnesses in the Thaw murder case.

Thaw passed a restless nigfht and Wednesday showed marked irritability and nervousness. It is believed that what he read in the newspapers of the conflict of counsel retainedby mother and retained by himself worries him.

ENCIRCLING EARTH.

Greek Pedestrian Proposes Walking Thirty Thousand Miles.

San Francisco, July 18. — Nicholas George, a Greek and pedestrian twenty-four years old, arrived here from Australia en route to Buda-Pest in his walk around the world. He must on his pedestrian trip walk 30,000 miles in three years and three months and at the end of that time will get a purse of $20,000 from the International Tourist club of Buda-Pest. He commenced his trip at Cairo, Egypt, Nov. 17, 1904. According to his story, he walks thirty miles per day, and what he has accomplished in different stages is vouched for in his diary by "all sorts and conditions of men," among them the Duke of Connaught, emperor of Abyssinia and General Khartoum.

LARGE CONTRACT.

Unofficially Stated at Butte That It Has Been Awarded.

Butte, Mont., July 18.—It is unofficially stated in railroad circles of this city that the contract for the Butte and Whitehall division of the Chicago, Milwaukee and St. Paul railroad, which is building through this state, has been let to Ormond & Crook for the sum of $3,000,000. At the present time more than 5,000 men are working in the St. Paul line between Miles City, Mont., and Harlowton.

MEANS TO ADOPT.

Germany and Austria May Intervene With Armed Forces.

Paris, July 18.—The Journal says it is in a position to affirm that in course of the recent interview at the Schoenbrunn palace, near Vienna, between the emperor of Austria-Hungary and the German emperor, their majesties deliberated on the means to adopt in case of an outbreak of revolution in Russia. Emperor Nicholas was advised of the general nature of the deliberation. It was decided in principle, the paper says, that Germany and Austria will intervene in Poland with armed forces in case the Russian emperor finds it impossible to maintain control of Poland, the three emperors thereafter acting in concert for the maintenance of status quo of their respective Polish possessions.

PINIONED UNDER WHEELS.

Terrible Fate That Happened to Three Railroad Men.

Dallas, July 18.—Under the wreck of a switch engine on the Houston and Texas Central railway Tuesday night two of the switching crew were instantly killed and a third so badly injured that he died a few hours later. The dead are Joe Watts, engineer; F. E. Reitzel, crew foreman; John Tenison, fireman.

What is known as the downtown switch engine, No. 103, of the Central, was backing and ragging fourteen cars at a pretty good clip. Where the Central switching tracks cross the Santa Fe yards at Young street the engine jumped the track at 8:10 o'clock. The tender turned over. The engine was demolished and overturned. The two forward cars were wrecked.

The engineer was crushed into a pulp. F. E. Reitzel, foreman of the crew, was standing on the front step of the engine. The rear trucks of the forward car fell on him, and his head was crushed into the earth. The body was badly mangled. John Tenison, fireman of the engine, was pinioned by arm and leg of the left side. It was midnight before he was removed from beneath the car.

Tenison died just as he reached the hospital. It was found that he had been literally cooked by the escaping steam.

Several persons saw the accident. They declare that the engine and tender rose into the air in an inverted V shape and rolled to the different sides of the track.

SCORES PROSTRATED.

Terrific Heat at New York Followed by Thunder and Wind.

New York, July 17.—With an official maximum of 87 degrees, and street temperature nearly ten degrees higher, New York suffered as severely from the heat Tuesday as at any time this summer, and before a refreshing shower in the afternoon brought relief, three persons had perished from the combined heat, some of whom may die.

The thunder and windstorm of the afternoon was a severe one. Trees were uprooted in various sections of the city, and several small boats in the bay were capsized, but without loss of life. The only fatality due to the storm was reported from State Island, where a man was killed by lightning.

RANGERS ORDERED.

Trouble Between Factions at Columbus Brought This About.

Columbus, Tex., July 18.—The situation here Tuesday between the factions was very grave, and notwithstanding couty court had been in session, very few people ventured upon the streets.

Sheriff Bridge, after consultation with District Judge Kennon, sent a message to Governor Lanham, who ordered rangers sent on the first train. Late in the evening the situation was much better, and no immidate outbreak was expected.

Typothetae Executive Committee.

Buffalo, July 18.—Executive committee of the Typothetae of America is in session here. It was stated that President Higgins of the International Pressmen and Assistants' union would address the twentieth annual convention of the Typothetae in regard to the terms of the contract between the two associations for the year beginning May 17, 1907.
